Gain a strong foundation in financial accounting that prepares you for future study and success in today's business world with Warren/Jonick/Schneider's leading FINANCIAL ACCOUNTING, 16E. This edition connects financial accounting concepts to the "bigger picture" as chapter-opening schemas clearly demonstrate how each chapter's content fits within the overall framework of the book. The digital CengageNOWv2's Journal Entry Tool reinforces this approach by automatically illustrating the impact of transactions on the accounting equation. This book's hallmark presentation of the accounting cycle provides an unmatched foundation for later chapters and even upcoming coursework and your career. The authors have carefully streamlined content and improved learning features throughout this edition and CengageNOWv2's digital resources to ensure you have the understanding of today's financial accounting and specific tools to succeed.

Offering students an overview of all the main concepts of accounting, this text supplements explanations of the fundamental core elements with contemporary examples and online teaching resources.

Develop a strong foundation in accounting that prepares you for future study and success in today's business world with Warren/Jonick/Schneider's leading ACCOUNTING, 28E and CengageNOWv2 digital resources. This book provides a broad overview of what is needed to run hospitals and other health care facilities effectively and efficiently. All of the skills and tools required to achieve this aim are elucidated in the book, including business engineering and change management, strategic planning and the Balanced Scorecard, project management, integrative innovation management, social and ethical aspects of human resource management, communication and conflict management, staff development and leadership. The guidance offered is exceptional and applicable in both developed and developing countries. Furthermore, the relevant theoretical background is outlined and instructive case reports are included. Each chapter finishes with a summary and five reflective questions. Excellence can only be achieved when health care professionals show in addition to their medical skills a high level of managerial competence. High performance in Hospital Management assists managers of health care providers as well as doctors and nurses to engage in the successful management of a health care facility.

Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac 's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter 's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

The essential M&A primer, updated with the latest research and statistics Mergers, Acquisitions, and Corporate Restructurings provides a comprehensive look at the field's growth and development, and places M&As in realistic context amidst changing trends, legislation, and global perspectives. All-inclusive coverage merges expert discussion with extensive graphs, research, and case studies to show how M&As can be used successfully, how each form works, and how they are governed by the laws of major countries. Strategies and motives are carefully analyzed alongside legalities each step of the way, and specific techniques are dissected to provide deep insight into real-world operations. This new seventh edition has been revised to improve clarity and approachability, and features the latest research and data to provide the most accurate assessment of the current M&A landscape. Ancillary materials include PowerPoint slides, a sample syllabus, and a test bank to facilitate training and streamline comprehension. As the global economy slows, merger and acquisition activity is expected to increase. This book provides an M&A primer for business executives and financial managers seeking a deeper understanding of how corporate restructuring can work for their companies. Understand the many forms of M&As, and the laws that govern them Learn the offensive and defensive techniques used during hostile acquisitions Delve into the strategies and motives that inspire M&As Access the latest data, research, and case studies on private equity, ethics, corporate governance, and more From large megadeals to various forms of downsizing, a full range of restructuring practices are currently being used to revitalize and supercharge companies around the world. Mergers, Acquisitions, and Corporate Restructurings is an essential resource for executives needing to quickly get up to date to plan their own company's next moves.
