"Do what thou wilt" shall be the whole of the Law, meaning that adherents of Thelema should seek out and follow their true path, i.e. find or determine their True Will. Love is the law, love under will, i.e. the nature of the Law of Thelema is love, but love itself is subsidiary to finding and manifesting one's authentic purpose or "mission".

~~Do What Thou Wilt - Wikipedia~~

"Do what thou wilt" is known as the Law of Thelema. It is derived from the rule of the fictional Abbey of Thélème in the classic satire Gargantua by the French priest and occult student François Rabelais. Crowley recommends study of Rabelais when discussing the Law. In Rabelais this rule was "fay çe que voudras", French for "do what you will."

The phrase "Do what thou wilt" is part of the law of Thelema. It comes from the Book of the Law, Chapter I, line 40, dictated to Aleister Crowley by the entity Aiwass. I can do whatever I want? To...

~~Do What Thou Wilt | Brandy Williams - Star and Snake~~

The Wiccan Rede /ˈrɪd/ is a statement that provides the key moral system in the neopagan religion of Wicca and certain other related witchcraft-based faiths. A common form of the Rede is An ye harm none, do what ye will which was taken from a longer poem also titled the Wiccan Rede. The word "rede" derives from Middle English, meaning "advice" or "counsel", and being closely related to the German Rat or Scandinavian råd. "An" is an archaic Middle English conjunction, meaning "if." "Ye ...

~~Wiccan Rede - Wikipedia~~

OP: "An you harm none, do what thou wilt" just means "As long as you harm no one, do whatever you want." The wording is archaic ("an" is an old word for "if" in this context), but the message seems clear enough.

~~What does "Do what thou wilt" mean - Fluther~~

'Do what thou wilt shall be the whole of the law' ought to be understood for it's real intended meaning : "You can do whatever you want and ignore God's Moral Order". It's ridiculous to think there is anything sublime in this self centered dictate which misses the whole point of laws. Duh.

~~Do what thou wilt shall be the whole of the law | Secrets ...~~

It stated that a supreme moral law was to be introduced in this Aeon, "Do what thou wilt shall be the whole of the Law," and that people should learn to live in tune with their Will. This book, and the philosophy that it espoused, became the cornerstone of Crowley's religion, Thelema.

Born in 1875 to devout Christian parents, young Aleister's devotion scarcely outlived his father, who died when the boy was twelve. He reached maturity in the boarding schools and brothels of Victorian England, trained to become a world-class mountain climber, and seldom persisted with any endeavor in which he could be bested. Like many self-styled illuminati of his class and generation, the hedonistic Crowley gravitated toward the occult. An aspiring poet and a pampered wastrel - obsessed with reconciling his quest for spiritual perfection and his inclination to do exactly as he liked in the earthly realm - Crowley developed his own school of mysticism. Magick, as he called it, summoned its users to embrace the imagination and to glorify the will. Crowley often explored his spiritual yearnings through drug-saturated vision quests and rampant sexual adventurism, but at other times he embraced Eastern philosophies and sought enlightenment on ascetic sojourns into the wilderness. This controversial individual, a frightening mixture of egomania and self-loathing, has inspired passionate - but seldom fair - assessments from historians. Lawrence Sutin, by treating Crowley as a cultural phenomenon, and not simply a sorcerer or a charlatan, convinces skeptic readers that the self-styled "Beast" remains a fascinating study in how one man devoted his life to the subversion of the dominant moral and religious values of his time.

- An examination of the interactions of the Christian Knights Templar and their Muslim counterparts, the Assassins, and of the profound changes in Western society that resulted.
- Restores the reputation of the secret Muslim order of the Assassins, disparaged as the world's first terrorist group.
- Dispels many myths about the Knights Templar and provides the most incisive portrait of them to date. A thousand years ago Christian battled Muslim for possession

of a strip of land upon which both their religions were founded. These Crusades changed the course of Western history, but less known is the fact that they also were the meeting ground for two legendary secret societies: The Knights Templar and their Muslim counterparts, the Assassins. In *The Templars and the Assassins: The Militia of Heaven*, occult scholar and secret society member James Wasserman provides compelling evidence that the interaction of the Knights Templar and the Assassins in the Holy Land transformed the Templars from the Pope's private army into a true occult society, from which they would sow the seeds of the Renaissance and the Western Mystery Tradition. Both orders were destroyed as heretical some seven hundred years ago, but Templar survivors are believed to have carried the secret teachings of the East into an occult underground, from which sprang both Rosicrucianism and Masonry. Assassin survivors, known as Nizari Ismailis, flourish to this day under the spiritual leadership of the Aga Khan. Wasserman strips the myths from both groups and penetrates to the heart of their enlightened beliefs and rigorous practices, delivering the most probing picture yet of these holy warriors.

signed typescript letter from Wilson to "Herb" [no last name given], dated 7 November 1974.

This book describes the philosophy and the use of Aleister Crowley's Thoth Tarot, a deck of Tarot cards designed by Crowley and co-designed and painted by Lady Frieda Harris. The Thoth Tarot has become one of the best-selling and most popular Tarot Decks in the world. It is also one of the most original interpretations of the tarot, incorporating astrological, numerological, Egyptian, and Qabalistic symbolism. While there are many other useful guides to this famous tarot deck, there are no others that explain the deck in its designer's own words. The book is divided into four major parts: * Part One: The Theory Of The Tarot. * Part Two: The Atu (Keys or Trumps). * Part Three: The Court Cards. * Part Four: The Small Cards. Part One is further divided into three chapters; Part Two into two chapters and an appendix; Part Three into one chapter; and Part Four into one chapter. The book includes a list of plates depicting the Tarot cards as seen by Crowley and Harris.

Aleister Crowley once stated: "I was not content to believe in a personal Devil and serve him, in the ordinary sense of the word. I wanted to get hold of him personally and become his chief of staff." In April of 1904 while in Cairo, Egypt, Crowley achieved that goal. On three successive days, the Book of the Law was dictated to him by an entity who called himself Aiwass, a spirit passionately identified by Crowley as his own "Holy Guardian Angel," and "'The Devil' Satan." This book declares the gospel of Thelema (Greek for "Will"), whose central message is "Do what thou Wilt shall be the whole of the Law." The Book of the Law is the basis of the New Aeon of the Crowned and Conquering Child, wherein "every man and woman

is a star." Supplemented with additional material by Crowley, this special edition of the Book of the Law is designed specifically for use on the altars of those Satanists who accept the Law of Thelema. The editor, Frater V.I.M, has included an introduction discussing Aleister Crowley's Satanism as well as a Satanic Mass incorporating Thelemic principles. As a bonus, 20 lined pages for the reader's own ritual notes are provided.

Aleister Crowley (1875-1947) is one of the most famous and significant authors in the history of western esotericism. Crowley has been long ignored by scholars of religion whilst the stories of magical and sexual practice which circulate about him continue to attract popular interest. "Aleister Crowley and the Temptation of Politics" looks at the man behind the myth - by setting him firmly within the politics of his time - and the development of his ideas through his extensive and extraordinarily varied writings. Crowley was a rationalist, sympathetic to the values of the Enlightenment, but also a romantic and a reactionary. His search for an alternative way to express his religious feelings led him to elaborate his own vision of social and political change. Crowley's complex politics led to his involvement with many key individuals, organisations and groups of his day - the secret service of various countries, the German Nazi party, Russian political activists, journalists and politicians of various persuasions, as well as other writers - both in Europe and America. "Aleister Crowley and the Temptation of Politics" presents a life of ideas, an examination of a man shaped by and shaping the politics of his times.
