Tiger is fast asleep, but oh dear! She's lying completely in the way. Just how will the animals get past without waking her up? Luckily, Frog has an excellent idea and, holding his balloon, he floats right over sleeping Tiger! Fox is next, followed by Tortoise, Mouse and Stork, but it will be tricky for them all to get past without Tiger noticing! It's a good job that the reader is there to help keep Tiger asleep, isn't it? But where exactly are they going with all those big shiny balloons? Do you think it might be someone's birthday? Can you guess who?

Don't Wake the Dragon is a fantastic and interactive bedtime story featuring a sound-asleep dragon who under no circumstances is to be woken up! Children are tasked with checking in on the sleeping dragon as the castle cook drops his pots and pans and when the knights throw a loud birthday party. It isn't until the whole kingdom settles down that the dragon wakes up. What is the kingdom to do? Designed to be read aloud and interacted with, parents will take pleasure in the playful text as much as children will enjoy gently rocking the book from side to side as they sing the dragon a lullaby. When the story finally comes to an end, and the gentle lullaby is repeated, the dragon (and the child!) is encouraged to drift off to sleep. The whimsical and colorful illustrations enable the dragon to jump off the page and will delight the reader with its humor and personality on every page. Creates a wonderful bedtime ritual with children that they will look forward to every night.

"Action is the real measure of Intelligence." Napoleon Hill Every day in business we experience uncertainty, risks and emotional exposure to winning and losing the battle for growth. There are many theoretical business practices out there, but none as brilliant and simple as The Art of War by Sun Tzu, which was used to win wars 2000 years ago. Sandler explains how to apply these ancient military tactics in a modern business economy – to win every battle without waging war. Her fundamental philosophy is no war has been won without intelligence and never will. Wake Up or Die is a powerful, exceptionally written treatise on the use of Intelligence in business today. Sandler shares the "must haves" to thrive and grow, with actual stories of winners and losers. This book is for all decision makers who want to succeed in today's business world where "loss leaders" dominate, consumers hold all the power, and competition intensifies. Boldly said, Wake Up or Die goes where no one has dared to go and challenges every status quo. If you want to win business battles, Wake Up or Die will show you how. Sandler's frank and candid approach holds no bars; she believes the pendulum of the mind oscillates between intellect and ignorance, not between right and wrong.
