Nine modern short stories that often bristle with caustic humor

"Everything That Rises Must Converge" (1965) is nine posthumous stories. The introduction is by Robert Fitzgerald.

Julian, a recent college graduate, accompanies his mother on the bus to her weekly exercise session. A self-styled intellectual, Julian resents his mother's ingrained prejudice and superiority, but is forced to face the consequences when their actions put them at odds with the passengers of their recently racially-integrated bus. American author Flannery O'Connor is known for her portrayal of flawed characters and their inevitable spiritual transformation. "Everything That Rises Must Converge" addresses themes of institutional discrimination at a time when racial barriers were being shattered. Influenced by Alfred Hitchcock, Gertrude Stein, The Wooster Group, and Richard Foreman, John Jesurun began to produce his own theatrical pieces in the early 1980s. Everything That Rises Must Converge was first performed at the Walker Arts Center in Minneapolis and then at the Kitchen in New York in 1990. Mel Gussow,

writing in the *New Times*, observed that the language of the play was complex, moving "backwards, forward and sideways," but "...what holds the audience's attention is the ingenious style of presentation. While we are still trying to correlate the barrage of words and of live video figures, some of whom appear to be talking to themselves, the rear wall suddenly swings to a perpendicular, revealing an entirely different audience sitting on bleachers on the opposite side of the stage. In a mirror reversal, they have been watching our actors on monitors and our monitor-actors on stage."

When Thomas's mother takes a young woman jailed for fraud under her wing, he is instantly wary of the newcomer. When his mother takes her charity even farther and invites the woman, Sarah, to live with them, Thomas predicts disaster and begins to take steps to have Sarah removed from their home and from his life. "The Comforts of Home" was originally published in Flannery O'Connor's 1965 short-story anthology, *Everything That Rises Must Converge*, and deals with themes familiar in many of O'Connor's works, including religion and morality. At his wit's end with his son's grief over the death of his mother a year earlier, Sheppard invites a troubled youth, Rufus, into their home. Contemptuous of Sheppard, Rufus resists the man's attempts to improve him, but the extent—and consequences—of Rufus's disdain for Sheppard become clear only in Rufus's dealings with Sheppard's son, Norton. American author Flannery O'Connor is known for her portrayal of flawed characters and their inevitable spiritual transformation. "The Lame Shall Enter First" is a haunting story of a flawed man unable to connect with and comfort his grieving son. "A back country orphan struggles to defy his uncle's prophesy that he will become a baptist prophet"--*NoveList*.

Flannery O'Connor was working on *Everything That Rises Must Converge* at the time of her death. This collection is an exquisite legacy from a genius of the American short story, in which she scrutinizes territory familiar to her readers: race, faith, and morality. The stories encompass the comic and the tragic, the beautiful and the grotesque; each carries her highly individual stamp and could have been written by no one else.

A startling and gripping reexamination of the Jim Crow era, as seen through the eyes of some of the most important American writers. In this dramatic reexamination of the Jim Crow South, Anders Walker demonstrates that racial segregation fostered not simply terror and violence, but also diversity, one of our most celebrated ideals. He investigates how prominent intellectuals like Robert

Penn Warren, James Baldwin, Eudora Welty, Ralph Ellison, Flannery O'Connor, and Zora Neale Hurston found pluralism in Jim Crow, a legal system that created two worlds, each with its own institutions, traditions, even cultures. The intellectuals discussed in this book all agreed that black culture was resilient, creative, and profound, brutally honest in its assessment of American history. By contrast, James Baldwin likened white culture to a "burning house," a frightening place that endorsed racism and violence to maintain dominance. Why should black Americans exchange their experience for that? Southern whites, meanwhile, saw themselves preserving a rich cultural landscape against the onslaught of mass culture and federal power, a project carried to the highest levels of American law by Supreme Court justice and Virginia native Lewis F. Powell, Jr. Anders Walker shows how a generation of scholars and judges has misinterpreted Powell's definition of diversity in the landmark case *Regents v. Bakke*, forgetting its Southern origins and weakening it in the process. By resituating the decision in the context of Southern intellectual history, Walker places diversity on a new footing, independent of affirmative action but also free from the constraints currently placed on it by the Supreme Court. With great clarity and insight, he offers a new lens through which to understand the history of civil rights in the United States.
