The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood ' s blockbuster movie which was nominated for six academy awards, including best picture. From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him “ The Legend ” ; meanwhile, the enemy feared him so much they named him al-Shaitan (“ the devil ”) and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle ' s masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

Michael Gove is one of the most recognisable faces in British politics – and one of the most divisive. Whether it ' s taking on the education ‘ blob ’ , acting as a frontman for the Brexit campaign or orchestrating one of the bloodiest political assassinations in the history of British politics, Gove is a man who makes things happen. But it was almost so different, and his story, from being born into care to standing for the leadership of the Conservative Party, could have come straight from the pages of a Charles Dickens novel. A charming man to his friends, and a cold-blooded zealot to his enemies, Gove provokes a reaction from everyone, be it loyalty, anger, respect or fury. Love him or hate him, it ' s impossible to deny Gove ' s impact on the UK over the past ten years, and, with Brexit still up in the air, he will continue to play a key role in the future of the country. Political journalist Owen Bennett ' s groundbreaking biography takes in original research as well as interviews with current and former Cabinet ministers, ex-colleagues from the BBC and The Times, and numerous other key players in Gove ' s life story. Lively and insightful in equal measure, Michael Gove: A Man in a Hurry reveals what turned the adopted son of an Aberdeen fishing family into one of the key political figures of the decade.

A wise, affecting novel from the beloved, award-winning author of *Funny Girl*, *High Fidelity*, and *About A Boy*. New York Times-bestselling author Nick Hornby mines the hearts and psyches of four lost souls who connect just when they've reached the end of the line. *A Long Way Down* is now a major motion picture from Magnolia Pictures starring Pierce Brosnan, Toni Collette, Aaron Paul, and Imogen Poots. Meet Martin, JJ, Jess, and Maureen. Four people who come together on New Year's Eve: a former TV talk show host, a musician, a teenage girl, and a mother. Three are British, one is American. They encounter one another on the roof of Topper's House, a London destination famous as the last stop for those ready to end their lives. In four distinct and riveting first-person voices, Nick Hornby tells a story of four individuals confronting the limits of choice, circumstance, and their own mortality. This is a tale of connections made and missed, punishing regrets, and the grace of second chances. Intense, hilarious, provocative, and moving, *A Long Way Down* is a novel about suicide that is, surprisingly, full of life.
