WHAT IT IS. • It is a principled framework out of which your players can play. It is a system of 2 man Read and Reactions, that can be drilled to the point of habit. These 2 man habits are not just a random collection of good 2 man games. The Read and React system ties these 2 man reads into a seamless 5 man offense that can be adjusted to any set, formation, type of player, or style of play.

### ~~Better Basketball | All Access~~

My first attempt to teach the Read and React offense pretty much failed. The guys did fine with it in practice, but tended to abandon it in the heat of real games. The next time I taught Read and React, I tried a different layer order (teaching the passing layers first), and I worked harder to sell the offense to the players, and that really worked for us.

What read and react does for players is spread the court, creating easy gaps for the offense to attack. Coaches enjoy Read and React because it eliminates isolation basketball, is unpredictable, and instills fundamental basketball principles. As a coach, you look to teach your players that they need to be basketball players first.
