Sybil is a 1973 book by Flora Rheta Schreiber about the treatment of Sybil Dorsett (a pseudonym for Shirley Ardell Mason) for dissociative identity disorder (then referred to as multiple personality disorder) by her psychoanalyst, Cornelia B. Wilbur. The book was made into two television movies of the same name, once in 1976 and again in 2007.

Sybil (Schreiber book) - Wikipedia

This book was the brainchild of three women: Cornelia Wilbur, Shirley Mason, and Flora Schreiber. Shirley, or "Sybil" as she's known, did not suffer from DID. She actually had Pernicious Anemia. Extensive research has been done on Sybil's case, and it has been proven that the entire book was fictitious.

Sybil, Or, The Two Nations by Earl of Beaconsfield ...

Sybil, by Flora Rita Schreiber, is an enthralling story about a young woman, Sybil, who has multiple personality disorder. This book takes the reader through the discovery of Sybil's sixteen personalities, and the psychiatrist who discovered them.

Documents the stories of the three women behind the famous multiple-personality-disorder case, contending that a large portion of the story was fabricated by a willing patient, her psychiatrist and an ambitious journalist who took advantage of a public that was psychologically primed to believe their claims. By the award-winning author of Pornography. 50,000 first printing.

'How are you today?' the doctor asked. 'I'm fine', was the reply. 'But Sybil isn't. She was so sick she couldn't come. So I came instead.' Sybil is the story of a woman with sixteen separate personalities, and was instrumental in influencing the definition and diagnosis of multiple personality disorder. Sybil's diagnosis has since been called into question - but, forty years after it was first published, her story remains a gripping and disturbing account of one woman's struggle for mental stability and happiness. 'Astonishing book . . . It forces you to look at yourself and the people around you in a new way.' Doris Lessing

Retells the story of Sybil Ludington's ride on horseback to rouse American soldiers to fight against the British who were attacking Danbury, Connecticut during the American Revolution.

Sybil: a name that conjures up enduring fascination for legions of obsessed fans who followed the nonfiction blockbuster from 1973 and the TV movie based on it—starring Sally Field and Joanne Woodward—about a woman named Sybil with sixteen different personalities. Sybil became both a pop phenomenon and a revolutionary force in the psychotherapy industry. The book rocketed multiple personality disorder (MPD) into public consciousness and played a major role in having the diagnosis added to the psychiatric bible, Diagnostic and Statistical Manual of Mental Disorders. But what do we really know about how Sybil came to be? In her news-breaking book Sybil Exposed, journalist Debbie Nathan gives proof that the allegedly true story was largely fabricated. The actual identity of Sybil (Shirley Mason) has been available for some years, as has the idea that the book might have been exaggerated. But in Sybil Exposed, Nathan reveals what really powered the legend: a trio of women—the willing patient, her ambitious shrink, and the imaginative journalist who spun their story into bestseller gold. From horrendously irresponsible therapeutic practices—Sybil's psychiatrist often brought an electroshock machine to Sybil's apartment and climbed into bed with her while administering the treatment—to calculated business decisions (under an entity they named Sybil, Inc., the women signed a contract designating a three-way split of profits from the book and its spin-offs, including board games, tee shirts, and dolls), the story Nathan unfurls is full of over-the-top behavior. Sybil's psychiatrist, driven by undisciplined idealism and galloping professional ambition, subjected the young woman to years of antipsychotics, psychedelics, uppers, and downers, including an untold number of injections with Pentothal, once known as "truth serum" but now widely recognized to provoke fantasies. It was during these "treatments" that Sybil produced rambling, garbled, and probably "false-memory"—based narratives of the hideous child abuse that her psychiatrist said caused her MPD. Sybil Exposed uses investigative journalism to tell a fascinating tale that reads like fiction but is fact. Nathan has followed an enormous trail of papers, records, photos, and tapes to unearth the lives and passions of these three women. The Sybil archive became available to the public only recently, and Nathan examined all of it and provides proof that the story was an elaborate fraud—albeit one that the perpetrators may have half-believed. Before Sybil was published, there had been fewer than 200 known cases of MPD; within just a few years after, more than 40,000 people would be diagnosed with it. Set across the twentieth century and rooted in a time when few professional roles were available to women, this is a story of corrosive sexism, unchecked ambition, and shaky theories of psychoanalysis exuberantly and drastically practiced. It is the story of how one modest young woman's life turned psychiatry on its head and radically changed the course of therapy, and our culture, as well.

Renata and her father halt work on their new bathroom when a pair of wrens builds a nest over the bathtub, allowing Renata to see their chicks hatch and begin to fly.

Southern floral artist Sybil Sylvester does more than arrange flowers; she uses inventive ideas and fresh plants to illuminate her surroundings. Many of her plants come straight from her own garden, revealing a natural sense of connection that is evident throughout the pages of Fresh. This stunning book presents Sybil's most effervescent and distinctive floral designs, organized by season, plus some of her celebrated arrangements from a variety of special occasions. Excitingly, Fresh also includes a beautifully photographed how-to section in which Sybil empowers readers to create their own magic from the natural world with instructions for a number (TK) of delightful designs, plus her own special brand of inspiration and helpful advice. Full of whimsy, joy, and elegance, Fresh is a magnificent paean to floral beauty."

WHATEVER HAPPENED TO SYBIL? Dr. Patrick Suraci discovered the answer to that question in 1993. He learned that Sybil was Shirley Mason and they became friends. Flora Schreiber wrote SYBIL explaining how Shirley developed the 16 personalities as a result of her early childhood abuse. Using psychoanalysis for ten years, Dr. Cornelia Wilbur .....

"This fast-paced story of a family secret will keep readers turning pages."—Krys Lee, author of *Drifting House* Allison flies to Seoul to discover the truth about her adopted sister. A tangled history of love and deception reunites two sisters whose fates were shaped by a long-lost love and its attendant lies, and the history of a country and a man they never understood. Sybil Baker is the author of *The Life Plan* and *Talismans*. She spent twelve years teaching in South Korea, returning to the United States in 2007. She teaches creative writing at the University of Tennessee at Chattanooga.

Master storyteller, social historian, and folklorist Sybil Marshall scoured English history to bring together a fascinating collection of folk tales in one glorious edition. Out-of-print for over thirty years, *Overlook* is re-issuing this bewitching book to enchant a new audience. From the great mass of folk tales that exists, Sybil Marshall has chosen a wide variety of stories, retelling them with wit and suspense. We have her tales of the little people and of giants, of the Devil and the saints, and supernatural and moral tales. Let Sybil Marshall lead you through the old English countryside, exploring the beliefs and legends of time gone by. This beautifully packaged edition, complete with wood engraved illustrations by John Lawrence, will entertain, educate, and ensnare audiences of all ages.

What would you do if your country was counting on you to deliver a message? That's sixteen-year-old Sybil Ludington's urgent mission. In 1777, Sybil and her family believe the American colonies should be free from British control. Sybil's father leads a regiment of New York militiamen, and everyone in the family is dedicated to the Patriot cause. Using spy tactics and codes, the Ludingtons gather intelligence, hoping to stay one step ahead of their enemies. When British troops raid nearby Danbury, Connecticut, Sybil gallops through the night to call out her father's men. But the journey is dangerous for a girl who's all alone. With obstacles at every turn, will she make it in time to stop the British? Based on a True Story books are exciting historical fiction about real children who lived through extraordinary times in American History. This title has Common Core connections.
