"I was totally unprepared for the transformation that Seth's technique created in me. . . . I realized that what I thought I knew about acting up to that point was largely misguided . . . but I now had a great, talented, dedicated teacher who generously wanted to share his tools with everyone. There is muscularity, not to mention wisdom and truth to Seth's techniques. He is a wonderful teacher, and I know that having him as my first guide is one of the luckiest things to have happened to me in my career and life. And when I can't get back to class with him, I am so grateful I have this book to turn to." Anne Hathaway "This book is truly unlike anything else I know—these pieces are haikus on specific elements of performance and character building." Philip Humberg, executive director, Sundance Theatre Institute A collection of practical acting tips, tools, and exercises, *An Actor's Companion* is ideal for both the seasoned professionals and actors-in-training. The tips—all simple, direct, and useful—are easy to understand and even easier to apply, in both rehearsal and in performance. Seth Barrish is an actor, teacher, and the co-artistic director of The Barrow Group in New York City. In his thirty-year career, he has directed the award-winning shows *My Girlfriend's Boyfriend* (Lucille Lortel Award for Best Solo Show, Drama Desk and Outer Critics Circle nominations for Best Solo Show), *Sleepwalk With Me* (Nightlife Award for Outstanding Comedian in a Major Performance), *The Tricky Part* (Obie Award, Drama Desk nominations for Best Play and Best Solo Show), *Pentecost* (Drama Desk nomination for Best Play), *Old Wicked Songs* (Los Angeles Drama Critics Circle Award and Garland Award for Best Direction), and *Good* (Straw Hat Award for Best Direction), among dozens of others.

(Vocal Selections). *Six* has received rave reviews around the world for its modern take on the stories of the six wives of Henry VIII and it's finally opening on Broadway! From Tudor queens to pop princesses, the six wives take the mic to remix five hundred years of historical heartbreak into an exuberant celebration of 21st century girl power! Songs include: All You Wanna Do * Don't Lose Ur Head * Ex-Wives * Get Down * Haus of Holbein * Heart of Stone * I Don't Need Your Love * No Way * Six.

In the last few years the use of medical imaging has increased exponentially in routine clinical practice. This has been reflected in a rapidly increasing use of medical imaging in clinical trials, through all phases. More recently this has culminated in a number of inter-disciplinary meetings with the various stake holders, including the FDA. Changes in the regulatory process has resulted, when it comes to the submission of data to the FDA, in a therapeutic agent where one or more of the trial end-points is the assessment of a radiological end-point. No longer is it sufficient to have the images read by the local investigator site. The FDA has also identified Medical Imaging as one of the key 6 points in the Critical Path initiative which was launched in 2004. This puts a keen focus on the role of imaging and the need to clearly identify and understand this aspect of clinical trials. As the pharmaceutical, biotech and medical device industry continues to identify ways to improve and speed up product development, medical imaging plays a more significant role. An understanding of the methodology and the metrics is therefore required but difficult to ascertain in one easy to read volume for individuals entering this field. This book will therefore fulfill this void, be it for the pharmaceutical personnel from medical director to monitor, or the Principal Investigator who is having to understand the complexities of the imaging and why it is having to be sent off-site for a 'central read.'
