The House on the Gulf is another good one from my favorite author. While you can figure out the basic premise rather early, she adds a twist mid-book that shocks you into excitement, and retwists it in classic Haddix style. All in all, an exciting Haddix book following her basic premise. This one, however, is better than most.

While The House on the Gulf is not a bad book, it is definitely not up to Haddix's usual standards. The characters are rather boring and the plot lacks the plethora of twists and turns usually found in Haddix's books.

[If only] Bran would stop acting weird....Probably he had a perfectly reasonable explanation for everything. I just couldn't imagine what it would be. When Britt's older brother, Bran, lands a summer job house-sitting for the Marquises, an elderly couple, it seems like a great opportunity. Britt and Bran have moved to Florida so their mother can finish college, and the house-sitting income will allow their mom to quit her job and take classes full-time. Having never lived in a real house before, Britt is thrilled. There's only one problem: Britt starts to suspect her family isn't supposed to be there. She's been noticing that Bran is acting weird and defensive -- he hides the Marquises' mail, won't let anyone touch the thermostat, and discourages Britt from meeting any of the neighbors. Determined to get to the bottom of things, Britt starts investigating and makes a startling discovery -- the Marquises aren't who Bran has led her and their mom to believe. So whose house are they staying in, and why has Bran brought them there? With unexpected twists and turns, award winner Margaret Peterson Haddix has again crafted a thriller that will grip readers until its stunning conclusion.

I'm the new kid. I am tuf. This morning I beat up a kid. It's only the first day of school for Dexter, but he's already mad at the principal, and the secretary, and the janitor, and the kids who laugh at him. When his teacher tells the class to write a story, Dexter writes about how tough he is—and how he's already gotten into a fight. Is any of Dexter's story true? Why was the other boy crying before Dexter hit him? And why would the other boy still want to be Dexter's friend? Even Dexter doesn't know the answers to some of those questions. But as he deals with family problems, a persistent teacher, and a boy who's

strangely interested in floor wax, he discovers many surprises hidden in his own tale.

A journey to the center of their hearts. Ever since their father's sudden death eight years ago, Chuck and Lori's mom has spent most of her time on the road as a motivational speaker, leaving them and their younger siblings in the care of their grandparents. But this trip is different; this time, their mother has invited Chuck and Lori along in an attempt to reconnect with her eldest--and now most distant--children. Lori is so angry with her mother for her constant absence she can barely look at her, and Chuck, as usual, tries to make himself invisible. From the start the trip seems doomed. But slowly, walls built up over the years begin to show cracks. Laser-sharp glares are finally and painfully turned inward. And in the end secrets are finally revealed--secrets that will change all of their lives forever..

Ten-year-old girls don't wear wigs. So why is Anya wearing one? That's what Keely wants to know. But when Anya's wig falls off in front of the whole class, Keely realizes what she really wants is to help Anya, even though she's not sure how--and even though it means she'll have to do something she's afraid of: stand up to her friends. As for Anya, she just wants her hair to grow back, but no one can tell her whether it ever will. How can she learn to accept her disease when she can't even look in the mirror?

In a future where the Population Police enforce the law limiting a family to only two children, Luke, an illegal third child, has lived all his twelve years in isolation and fear on his family's farm in this start to the Shadow Children series from Margaret Peterson Haddix. Luke has never been to school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows--does Luke dare to become involved in her dangerous plan? Can he afford not to?

Sukie is worried -- her parents are acting strange. When she runs in the house, her dad asks, "If all your friends jumped off a bridge, would you jump off a bridge too?" When she eats peas with her fingers, Mom yells, "You'll put an eye out with that thing!" What is going on? Have her parents been replaced by aliens? Are they robots with broken circuits? She and her older brothers decide to investigate. And what they discover leads to a kids-against-parents WAR! This very funny book casts a new light on family rules.

Becca has plenty to hide and everything to lose--but with her future on the line, she's willing to risk it all. This gripping novel from New York Times bestselling author Margaret Peterson Haddix --will rivet readers-- (Publishers Weekly). Becca's claim to fame is one she's been hiding from for the past three years: Her father is a notorious embezzler, and when he was caught, his excuse was, "How else is a guy like me supposed to put his kid through college?" Three years after the trial and imprisonment that destroyed Becca's life, she and her mother have started over again and are living in a town where no one knows their secret. But as college--and its cost--looms large, Becca begins to wonder how they'll afford it. And how she can apply for financial aid without divulging her secret? A local scholarship opportunity seems like a dream come true, but as the application process commences, Becca uncovers a chain of secrets that could destroy everything she's worked so hard to build. But the truth could also lead her toward the future she's always dreamed of

So my only protection is a kindergarten teacher and a ninety-eight-pound female minister....And they don't even believe I'm in danger. As Bethany approaches her thirteenth birthday, her parents begin acting more oddly than usual: Her mother cries constantly, and her father barely lets Bethany out of his sight. Then one morning he hustles the entire family into the car, drives across several state lines -- and leaves Bethany with an aunt she never knew existed. Bethany has no idea what's going on. She's worried that her mom and dad are running from some kind of trouble, but she can't find out because they won't tell her where they are going. Bethany's only clue is a few words she overheard her father tell her aunt Myrlie: "She doesn't know anything about Elizabeth." But Aunt Myrlie won't tell Bethany who Elizabeth is, and she won't explain why people in her small town react to Bethany as if they've seen a ghost. The mystery intensifies when Bethany gets a package from her father containing four different birth certificates from four states, with four different last names -- and thousands of dollars in cash. And when a strange man shows up asking questions, Bethany realizes she's not the only one who's desperate to unravel the secrets of her past. In this exhilarating thriller, Margaret Peterson Haddix crafts a taut story so full of twists and turns, readers will be gripped until the startling conclusion.

When thirteen-year-old Luke Garner unwittingly sets off a rebellion which sweeps the country and ousts the Population Police from power, he quickly realizes that the new regime is corrupt and he may hold the only key to true freedom.

HIDE OR FIGHT? Matthias, an illegal third child, is caught in the cross fire between rebels and the Population Police. When he unwittingly saves a Population Police officer, Matthias is brought to Population Police headquarters to train as an officer himself. There he meets Nina, another third-born who enlists his help in a plot to undermine the Population Police. But Matthias is under constant scrutiny, and he has no idea whom he can trust. What can one boy do against a wicked bureaucracy?
