Published to widespread critical acclaim, Vince has been called: "the definitive biography" of an American legend. With stunning revelations and anecdotes, Vince Lombardi's life is pieced together with painstaking care in research, detail, and historical accuracy. Based on more than two hundred interviews, including those who played with him and against him, from his early coaching days at St. Cecilia High School in New Jersey to West Point, the New York Giants, and his championship seasons with the Green Bay Packers and Washington Redskins.

Drawing upon unpublished Lombardi family papers, Vince clarifies the thirty years of mystery and contradiction that have swirled around the legend of Vince Lombardi. Vince goes beyond the sidelines to reveal the true character of Lombardi. He was dedicated and narrow, intelligent and dogmatic, self-restrained yet emotional, abusive yet apologetic. His moods could swing from deep gloom to soaring exuberance in seconds. He was compassionate, kind, charitable. He could also be gripped by uncontrollable anger. Above all, Vince paints a portrait of a very human man who committed his life to winning.

A wrestling promoter documents his role in the popularity of the World Wrestling Federation, providing insight into his work as principal writer and discussing the lives of the such superstars as Shawn Michaels, Bret Hart, and The Rock.

Vince Ellison is America ' s most fearless truth teller. Agree or disagree with his thesis, open-minded readers must grapple with the persuasive power of his arguments, his mastery of facts, and his passionate love for mankind and our Creator. As a young man, Ellison began his career in the belly of the beast—as a prison guard working in the worst cellblock imaginable—the one housing mass murderers, rapists, child molesters, and others who would never be released, and whose crimes would never be redeemed in this world. Vince Ellison saw the face of evil up close. He knows it like few of us ever could. And it was to his dismay and sadness that he has seen that same evil later in life. This time, not in the faces of

hardened, incarcerated criminals. But rather in the eyes of the leaders of the Democratic party. In this stunningly persuasive work, Vince marshals his own experience and couples it with a learned and original analysis to conclude that the leaders of America ' s " progressive " party aren ' t just wrong on their policy stances—they are deliberately and intently destructive. Ellison painstakingly dismantles the twenty-five lies underlying Democratic policies and arguments, and provides readers with the tools they need to understand and refute these myths and deceptions. Finally, Ellison implores his fellow Americans and Christians to open their eyes to the damage being done to the nation ' s heart and soul in the name of progressivism.

In this groundbreaking biography, David Maraniss captures all of football great Vince Lombardi: the myth, the man, his game, and his God. More than any other sports figure, Vince Lombardi transformed football into a metaphor of the American experience. The son of an Italian immigrant butcher, Lombardi toiled for twenty frustrating years as a high school coach and then as an assistant at Fordham, West Point, and the New York Giants before his big break came at age forty-six with the chance to coach a struggling team in snowbound Wisconsin. His leadership of the Green Bay Packers to five world championships in nine seasons is the most storied period in NFL history. Lombardi became a living legend, a symbol to many of leadership, discipline, perseverance, and teamwork, and to others of an obsession with winning. In *When Pride Still Mattered*, Pulitzer Prize-winning author David Maraniss captures the myth and the man, football, God, and country in a thrilling biography destined to become an American classic.

Grief, mental illness, and the bonds of family are movingly explored in this extraordinary memoir “ suffused with emotional depth and intellectual inquiry ” (Rachel Louise Snyder, author of *No Visible Bruises*) as a writer delves into the tragedy of his mother ’ s violent death at the hands of his brother who struggled with schizophrenia. Perfect for fans of *An Unquiet Mind* and *The Bright Hour*. Vince Granata remembers standing in front of his suburban home in Connecticut the day his mother and father returned from the hospital with his three new siblings in tow. He had just finished scrawling their names in red chalk on the driveway: Christopher, Timothy, and Elizabeth. Twenty-three years later, Vince was a thousand miles away when he received the news that would change his life—Tim, propelled by unchecked schizophrenia, had killed their mother in their childhood home. Devastated by the grief of losing his mother, Vince is also consumed by an act so incomprehensible that it overshadows every happy memory of life growing up in his seemingly idyllic middle-class family. “ In candid, smoothly unspooling prose, Granata reconstructs life and memory from grief, writing a moving testament to the therapy of art, the power of record, and his immutable love for his family ” (Booklist).

"Revealing, inspiring and funny. This book is a joy to romp through, which is good, because its final chapter is the important truth we all need to hear and understand if we are to survive this mess we've made" - Chris Packham "I found *Manifesto* enthralling, thought-provoking and I learnt so much from it. Nor had I any idea that we had our own Archimedes living in The Cotswolds." - Jilly Cooper How one maverick entrepreneur took on UK energy... and won. Dale

Vince never intended to start a business. Driven by a passion for sustainability, he left school aged 15 and became a New Age traveller, living for free in a wind-powered double decker bus. But after building his first wind turbine, he realised that to change the world he needed to be on the grid, not off it. In 1996 he founded green energy company Ecotricity based on principles of social, financial and environmental sustainability, and changed the landscape of UK energy forever. Since then, Dale has been appointed a UN ambassador for climate issues, become the owner of the first ever vegan football club, and amassed a fortune of over £120 million built on sustainability. He has also been a vocal supporter of Extinction Rebellion which, like Ecotricity, is based in Stroud. In this book, he shares his single-minded and uniquely purpose-orientated approach to business, with lessons learned from experience that will speak to any fledgling entrepreneur. This is the story of a man whose unwavering mission to help save the environment has driven him all the way to the top, and a powerful manifesto for anyone who wants to change the world.

The definitive, revelatory biography of Marvel Comics icon Stan Lee, a writer and entrepreneur who reshaped global pop culture—at a steep personal cost “ A biography that reads like a thriller or a whodunit . . . scrupulously honest, deeply damning, and sometimes even heartbreaking. ” —Neil Gaiman Stan Lee was one of the most famous and beloved entertainers to emerge from the twentieth century. He served as head editor of Marvel Comics for three decades and, in that time, became known as the creator of more pieces of internationally recognizable intellectual property than nearly anyone: Spider-Man, the Avengers, the X-Men, Black Panther, the Incredible Hulk . . . the list goes on. His carnival-

barker marketing prowess helped save the comic-book industry and superhero fiction. His cameos in Marvel movies have charmed billions. When he died in 2018, grief poured in from around the world, further cementing his legacy. But what if Stan Lee wasn't who he said he was? To craft the definitive biography of Lee, Abraham Riesman conducted more than 150 interviews and investigated thousands of pages of private documents, turning up never-before-published revelations about Lee's life and work. True Believer tackles tough questions: Did Lee actually create the characters he gained fame for creating? Was he complicit in millions of dollars' worth of fraud in his post-Marvel life? Which members of the cavalcade of grifters who surrounded him were most responsible for the misery of his final days? And, above all, what drove this man to achieve so much yet always boast of more?

The true story of the NFL's oldest rookie In 1976, Vince Papale was thirty, a former schoolteacher and part-time bartender, and a season ticket-holder for his beloved Philadelphia Eagles. When he heard that Coach Dick Vermeil was holding open tryouts, he decided to give it a shot. Shocking himself and the coaches, he ran an explosive 40-yard-dash in just 4.5 seconds--a world-class time--and was offered a contract on the spot. When he joined the team, Papale became the oldest non-kicking rookie in NFL history, a fan favorite who played for four years and was named a team captain. Invincible is Vince Papale's story, and a tie-in to the Disney Pictures film of the same name starring Mark Wahlberg as Papale and Greg Kinnear as Vermeil. But more than just a tie-in, it tells Papale's story in his own words, covering subjects not included in the film. Like Rudy, Glory Road, and Rookie, it is the true story of an ordinary man who achieves an extraordinary goal.
