Youngsters.

Presents the adventures of the X-Men as they handle a number of problems, including Cassandra Nova's attempt to utilize extraterrestrial technology and her mysterious relationship with Charles Xavier to destroy mutantkind.

X-Men: The Characters and Their Universe tells the story of this unique band of comic book heroes from their creation in 1963 by the dream team of writer Stan Lee and artist Jack Kirby, through their late 1970s re-emergence as a platform for socially and politically relevant storytelling, and up to the present as one of the globe's hottest franchises. This colorful, lavishly illustrated volume also traces how the characters have been adapted into the media of television and film, including the groundbreaking 1992 animated series and the blockbuster feature films, including X-Men III: The Final Stand, released in May of 2006. For fans of the comic books, this volume also provides a unique one-source catalogue of every major character that appeared from 1963 to the present, including all the various teamings of characters, the significant comic book series, the various character relationships and evolutions, and the classic storylines that have all woven together over the decades to create the dazzlingly complex and fascinating tapestry

of the world of mutants. X-Men: The Characters and Their Universe is a book that no fan of Marvel Comics, of super heroics, of animation and action adventure filmmaking, even of popular culture of the late 20th century itself, will want to be without.

Beginning the second of three books chronicling the final story of Marvel's mutant heroes! The Xavier Academy has been reduced to a smoldering crater in a brutal sneak attack, and the casualties number in the hundreds. Now, Cyclops must mobilize the survivors to get to the bottom of who is behind these coordinated strikes on mutants in general and the X-Men in particular. Collects X-Men: The End - Heroes and Martyrs #1-6.

One Marvel book to guide them all. If you want to understand how the Marvel Comics Universe works, The Marvel Book is the only book you need. It is a unique exploration of the vast, interconnected Marvel Comics Multiverse from its beginnings to the end of everything and beyond. From iconic Super Heroes such as the Avengers, Spider-Man, Iron Man and the Black Panther, to revolutionary technology like Iron Man's : and S.H.I.E.L.D.'s Helicarriers, to enduring villains such as Thanos and Loki, The Marvel Book explores the key concepts, characters, and events that have defined and shaped Marvel Comics over the past 80 years.

Multiverse, this book is a must-have for all Marvel fans.

Provides an overview of the history of the X-Men comics by outlining the characters and their storylines, discussing heroes and villains such as Cyclops, Magneto, Havok, Jubilee, Bishop, Wolverine, and Maggott.

"It's a blast from the past as the original five students of Professor X-- Cyclops, Marvel Girl, Iceman, Angel and Beast-- are plucked from the past and brought to the present. But what they find, the state that their future selves are in and the state of Xavier's dream, is far from the future they dreamed of. And how will the X-Men of the present deal with their past coming crashing forward?"--Amazon.com.
